### CCIE Success Profile

**The Munir Brothers**

These three brothers are all in the same profession and all came to INE for their training. We asked Muhammad Zubair Munir to tell us more about himself and his brothers, their careers, and their INE training. [Read more >](#)

## CCIE Success Stories

### Congratulations Ali Machntat CCIE Voice #39818

Finally I've passed my "CCIE Voice Lab". It was a very awesome journey: interesting and exhausting at the same time. I used many materials but in a nutshell the "[Deep Dive series](#) plus [LAB workbooks](#)" was the beacon that illuminated my way and without it I don't think it would have been possible to grasp the technologies, starting from infrastructure and ending with CUPS and UCCX. I am very grateful to the INE company and a special thanks to [Mr. Mark Snow](#), who was the person who inspired me and gave me the motivation to understand the subject matter and attain my goal.

[Read more success stories »](#)

### Congratulations Ronel Ordonio CCIEx2 #36740

Your excellent CCIE materials and amazing [Rack Rentals](#) helped me tremendously through my [Routing and Switching](#) and [Service Provider](#) journey. Without these materials and Rack to practice, this would not have been possible. I can say that INE provides absolutely great and the best materials for any CCIE track. Thank you INE and more power to you! I am now a CCIE x2—Routing & Switching and Service Provider!
